• All entrants will participate under the rules of World Athletics, ASA and CGA and it is the athlete's responsibility to familiarize themselves with the rules.

• In addition to the above there are specific race rules that will be enforced:

o By agreeing to enter the event, the runner automatically agrees to abide by the above rules, race rules, and any final instructions issued prior to race day.

• Particular attention is drawn to the fact that ASA Rules have been updated for 2022 and runners must review these in detail.

• Foreign runners whether long stay or visiting must apply for the (new) foreign temporary number and have a specific waiver to complete. For this reason entry must be made directly through the race office.

NOTE:

o The Johnson Crane Marathon will be using a combination of batches and wave starts with a Contender / Elite batch system. (ASA Rule 1.1.D.4 and Covid regulations apply)

o To allow for flexibility in the case of changes to Covid rulings every runner will be required to indicate a previous performance over a selection of distances.

o ALL Contenders / Elite will be required provide proof of their performance level at time of entry.

o Those qualifying for the Elite Contender batch will have a Gun to Mat finish time and abide by all athletic federation rules

o Runners not in the Contender / Elite batch will not be eligible for any positional prizes but WILL have the benefit of Mat to Mat (net) timing and relaxation of certain rules.
o ATTENTION IS DRAWN TO THE ASA RULES 7 AND 34.

• Runners must, at time of entry, declare if they meet and wish to be considered as Contenders for awards, or not. This includes age group / good for age runners:

o The criteria to qualify for this seeding is provided in a table based on Distance, Gender and age: The Table is on the Entry Form and web site. (Refer ASA rule 7 and 34 in particular)

• Marshals and traffic officials must be obeyed at all times. Failure to comply with their instructions will lead to immediate disqualification. Any abusive or threatening action or comments to marshals, traffic officials, or technical officials will result in security removing the runner from the race and a report to both the Provincial federation and the runner's club for additional disciplinary procedures.

• NO SECONDING OR VEHICLES WILL BE ALLOWED on the route:

• Refreshment stations (+3km) will provide Coke and water.

o Do your bit to ensure that the race is litter free.
