

# RUN WITH THE BIG 5

## POWERADE MARAKELE MARATHON 2025

If the prospect of running a marathon through one of South Africa's most spectacular National Parks - and home to the Big Five - stirs your blood, then the Marakele Marathon is everything your heart desires, and more.

This is the second in our **Iconic Marakele Medal Series**. This year, we commemorate the endemic Waterberg Cycad - found here and nowhere else in the world - and next year it will be the Cape Vulture. Whether you run one, two, or all three, each medal will take pride of place in your trophy cabinet.

Whether you're a family seeking an unforgettable adventure, a dedicated club runner, or a serious athlete aiming to qualify for Two Oceans or Comrades, this is the race for you.
