Timing & Results:

The results will be electronically produced on race day by the official chip timing system. Your timing chip will be placed on your race number. The race number must be worn on the front of your vest and visible at the finish line. There is a foam strip on the back of the race number. Please do not remove the timing chip and the foam strip from the race number - doing so will result in NO finish time. For safety and timing purposes, ONLY the person assigned to this race number may use it. No swapping of race numbers as the race number is linked to your name and finishing time and may result in your disqualification.
