

## **Postponement of MPO Dairy Festival**

Dear Friends and Supporters,

It is with deep regret that we inform you that the MPO has made the difficult decision to further postpone the MPO Dairy Festival. This decision comes in light of the ongoing uncertainty surrounding Foot and Mouth Disease. Our priority remains the safety and wellbeing of farmers, animals, and communities.

The Festival has become a meaningful gathering for our industry — a chance to connect, celebrate, and showcase the strength of the dairy community. We know many were looking forward to it, and we share in your disappointment.

Thank you for your understanding and continued support. We will share updates as soon as new plans can be confirmed.

Warm regards,

Debbie Last

MPO KZN Regional Manager
